Help us get to know you, what is your favorite event or small business downtown?

Bloomsday and Italy Fest.

Cultivate Commercial Activity: Downtown depends on attracting investment, supporting businesses, and creating a place where people want to live, work, shop, and visit. What policies or investments would you prioritize to strengthen downtown's economic vitality?

I will prioritize public safety and encourage economic growth. My experience with managing business downtown will help me to advocate on behalf of increased investment to improve the business environment and overall safety.

Setting the Foundation: Public resources are limited, and elected officials are often required to balance competing priorities when making investment decisions. How do you evaluate competing funding priorities, and what principles would guide your decisions when investments affect downtown Spokane?

Public service is my number one priority, and I will focus on activities that improve services to the Citizens of Spokane and help to make our community safer and encourage economic growth. I have a degree in economics and have managed commercial businesses in Spokane those experiences have prepared me to support efforts to improve safety and economic development in Spokane.

Is there any additional information you would like to share about your candidacy that you were unable to provide in the above responses?

I have spent my life as a man of service to my country, to my family and to my community. I am uniquely prepared for the position of Spokane County Clerk to ensure the efficient management and access to justice for Spokane courts. If this position was not elected, but a hired position by a board of directors, based on resumes, I am the only one who has the qualifications to get an interview.
